

EU HEROES H2020 Solar PV Project Thematic Workshop

Grant Agreement No. EU HEROES 764805

Meeting Venue:

Swansea University

Bay Campus
Fabian Way
Crymlyn Burrows
Swansea
SA1 8EN

DRAFT AGENDA

23rd April 2018

14:30 – 15:00 Arrival, welcome coffee/ tea

15:00 – 15:30 Welcome, short introduction of all participants and presentation of the EU HEROES project

Pia Dorfinger, dena

15:30 – 17.00 Moderated session and discussion:

- What barriers are community solar groups and project developers currently facing?
- Is PV electricity from community solar groups competitive with conventional electricity sources?
- What problems / challenges are grid operators dealing with when it comes to community solar projects?
- What is a typical prosumer set-up when it comes to energy consumption, generation and network connection and what types of incentives are needed for self-consumption schemes and energy storage systems?
- What support / information is expected from a project like EU HEROES?
- What policies need to be addressed through the EU HEROES project?

Moderator: tbc EST

All Participants

17:00 – 17:15 Wrap up and summary of main actions and conclusions
